

Pull Handles

Oval Series

66 6533 

Handle cross-section Ø 35 × 17.5 mm
Fastening M8

Aluminium only available with a natural-colored anodized finish (FSB 0105).

66 6534 

Handle cross-section Ø 35 × 17.5 mm
Fastening M8

Aluminium only available with a natural-colored anodized finish (FSB 0105).

The flattened oval pull handle series 6533, 6534, 6535 and 6536 see FSB’s philosophy of the ovally gripping hand and the diagonal moving arm put to effect in telling manner. The circular fastening section has been shortened and the grip tilted

towards the user by dint of a flattened oval cross-section. The hand therefore enjoys optimum clearance whilst, stylistically, these airy, elegant handles display a decidedly architectural dimension.

Guaranteeing FSB’s usual production excellence are the traditional casting technique for aluminum and an innovative internal high-pressure metal forming process for the stainless steel variant.
